Features & Benefits:

Buckbootz has been at the forefront of the development of the elastic sided work boot style which we call 'dealer'. Our original dealer style safety boot B1150 has become something of an icon and has been followed by variations of the dealer style in injection moulded construction. So why introduce another variation of the theme? Well, when it comes to Buckbootz dealer style safety boots we believe you can't have too much of a good thing and that is why we introduced **Dealerz®** with plain toe styling to our Nubuckz range
