## Features & Benefits:

Using the latest development in sports/active footwear construction for its inspiration, KEZ is a full spec safety trainer bristling with style. The upper merges injected moulded thermo-polyurethane with mesh lining ensuring a tough but flexible upper that provides breathability while worn. KEZ is unique for the safety trainer market in that it adopts a light weight rubber outsole developed for a 6inch safety boot. KEZ adopts the use of advanced lining material ramping up the comfort levels supported by a quality insole. KEZ brings real contemporary street style to the workplace. Being part of the TRADEZ product range KEZ provides maximum quality to the consumer boasting the lowest warranty rates in the UK market.
